BIG FIRE IN LONDON.

Loss Will Reach Twenty-Five Million Dollars.

CONFLAGRATION LASTING HOURS.

Fully One Hundred and Fifty Warehouses and Factories and Their Contents Destroyed—A Hundred Engines Called Out to Subdue the Flames—There Was No Loss of Life.

LONDON, Nov. 20.—One of the most disastrous fires in London's history since the great fire of 1666 broke out in a large block of buildings lying eastward of Aldersgate street and between that thoroughfare and Red Cross street, just after 1 o'clock yesterday afternoon. The flames were fanned by a strong wind and were fed by highly inflammable stocks of Christmas fancy goods and flimsy dress materials of all descriptions that filled every floor of the six buildings in the old street. Consequently the conflagration gained headway with surprising rapidity and was soon beyond the possibility of being checked by the few engines which were early on the spot. For four and one-half hours the flames had their own way and it was only after more than a hundred engines had worked an hour that the chief of the fire brigade sent out the signal that the fire was under control.

Hamsell street was the scene of the outbreak of the fire which was due to an explosion in connection with a gas engine on the premises of Walter Brown & Company, mantel manufacturers at No. 30 on that thoroughfare. Their third factory was crowded with girls, when the fire broke out and it was instantly the scene of semi-panic, the frightened operatives rushing to the roof of the building and hence crossing to other buildings and so effecting their escape while the flames were pouring out of the basements. In less than a quarter of an hour the flames had enveloped the adjoining warehouse, and thence they leaped across the street to an enormous paper warehouse which was fully alight in less than 10 minutes.

By this time it was evident to the firemen that they were face to face with a great disaster and a general alarm was sent out. Then, from all the fire stations, even those quite five miles from the scene of the disaster, engines were hurried to the spot, and the police gathered about the neighborhood in great force. This display of strength on the part of the police was required, as the crowd, swelling in size every moment, soon amounted to tens of thousands of people, and the firemen required every possible freedom of action, as their fight was one of the greatest difficulty, owing to the narrowness of the old, crooked streets, which are the feature of that part of London, combined with the height of the warehouses, which cut off the firemen from all fair chance of confining the outbreak.

The excitement among the on-lookers who crowded every possible point of view was very great, as may be judged from the fact that firemen had to be repeatedly rescued by their comrades, by the fire escapes of the buildings, which had caught fire after the firemen had mounted to their roofs to fight the flames in adjoining structures.

The rescue of operatives by the firemen; the hurrying of hosts of clerks who were trying to save books and valuable papers from the fire, and the rushing here and there of many employees who were attempting to carry to places of safety costly merchandise or other valuables, added to the confusion. The heat was so intense that several firemen were obliged to direct their operations under showers of water poured upon them. But in spite of exertions of the firemen, the fire crept on very steadily until Nicholl square, which is situated at the far end of Hamsell street, was reached.

At a little after 2 o'clock a dozen hose pipes, each with a 12-foot spread, poured water into the blaze from an opposite roof, from the street below and from the burning premises themselves, but it did not seem to have any effect. The water rushed out of the windows and from the ground floor like a waterfall, while the flames leaped higher and higher and as the floors fell in the place still blazed, a gigantic display of fire and smoke, till the building was completely gutted and the walls keeled over.

The confusion in the streets increased as the fire spread. Suddenly there was an explosion of gas meters, sounding like the reports of field guns, followed by a momentary hush. After that the wild rushing here and there was resumed with increased energy. Men risked their lives in desperate efforts to save daybooks, ledgers, feathers, jewelry, valuable chinaware, etc. One man actually hazarded his life to fetch his hat and cane, 200 feet of stonework and glass falling at his heels as he emerged from the building.

Several firemen were almost buried in the burning ruins, as front after front of the flaming warehouses fell in, hurling tons of bricks and masonry into the streets, bursting and cutting the fire hose in all directions, while tons of fiery matter were falling in every direction.

There was no abatement of the blaze before 3:30 p. m. Then the check came in Jewin street and in Well street, where the collapse of a wall on the right hand side of that thoroughfare was the means of saving the last building in the street. The width of Red Cross street, a comparatively broad thoroughfare, also formed a barrier there.

The district ravaged by the fire is bounded by Aldersgate street, Red Cross, Maiden Head Court and Brad-

ford avenue, and includes the intermediate streets, Jewin, Hamsell, Well and Edmund and Jewin Crescent, and part of Anstralian avenue, Paul's alley, Cripple Gate churchyard, Wood street square, Monkwell street, Nichol square and Fore street.

It is officially reported that 150 warehouses have been gutted. An estimate of the damage done places the amount at \$5,000,000 sterling, or \$25,000,000.

Nearly all of the British fire insurance companies are involved and fire insurance shares are practically unsaleable on the Stock Exchange.

Nearly 300 telephone wires have been cut, thus interrupting communication with many of the big provincial towns. The fire will cause an enormous advance in the price of ostrich feathers, which rose 30 per cent last evening. Two feather firms alone have lost \$15,000.

MONEY LOST AT GAMBLING.

Right of a Wife to Recover Is Sustained in Indiana.

INDIANAPOLIS, Nov. 20.—The supreme court yesterday held, in the case of John R. Ervin against the state on relation of Nellie A. Walley, appealed from the circuit court of Delaware county, that the statute making it the duty of the prosecuting attorney to sue for and recover in the name of the state for the benefit of his wife or minor children all sums of money lost by any person at gambling, for which he neglects to sue within six months, is constitutional.

The statute was objected to on the ground that it violated the constitutional provision that no man's property shall be taken without just compensation. But the court says that the title to money won at gambling never vests in the winner.

It says that the only reason the loser can not recover the money back after six months is because he lost it in a criminal transaction, but the winner has no more title after six months than before. Also, that giving the property to the loser's wife instead of himself, when it is recovered, does not infringe his rights, because he can not be entitled to compensation for property to which he has no right.

Mrs. Walley recovered a judgment for \$5,414.50 lost by her husband at a faro game run by the defendants in Muncie. The supreme court reversed the case for an error in the pleadings.

Alleged White Cappers Acquitted.

BLOOMINGTON, Ind., Nov. 20.—The trial of White Caps, which caused so much excitement at Nashville, Brown county, ended yesterday in acquittal. The men accused were Joseph Erammel, Carry Rogers, John Sidd and William Dow. They were charged with taking John H. Sherwood and daughter, Lillie, from their home Aug. 27, and brutally whipping them. The men proved an alibi, and the jury was out 10 minutes. The trial occupied four days.

Oil Field Abandoned.

ELWOOD, Ind., Nov. 20.—The Madison county oil field, for the present, at least, has been abandoned. Several hundred acres of land around Elwood had been leased and sites selected for test wells; but the leases, with only a few exceptions, have been given up. After the failure of the Alexandria field, and the hot opposition shown at the extravagant waste of gas, oil prospectors grew discouraged and withdrew.

Mine Fire Subdued.

HOUGHTON, Mich., Nov. 20.—Smoke has ceased coming from the No. 4 shaft of the Central mine and the mine will be reopened as the fire is undoubtedly out. The flames broke out three weeks ago when a party of prominent mining men and a Boston broker had a narrow escape from death. The damage to the mine can not be estimated until the shafts have been unsealed and a full examination made.

Took Hold of a Live Wire.

CHARLESTON, S. C., Nov. 20.—Henry Heyward, colored, a lineman in the employ of the Charleston Electric Light company, was electrocuted while at work yesterday afternoon on Shell street. Heyward was seated astride a pole, when he took hold of a live wire. He was killed instantly, but the body remained in a natural position on the bar.

Pioneer Industry Abandoned.

ELWOOD, Ind., Nov. 20.—Elwood's pioneer industry, the Excelsior stove and hoop factory, established 35 years ago, has been abandoned, on account of the supply of timber becoming exhausted. Gustav Kramer, who established the industry here, and made a fortune out of it, owns the factory yet, and has operated it continuously.

Gone Back to Work.

WASHINGTON, Ind., Nov. 20.—Fifty-four of Wilson's coal miners who laid down their picks and came out Thursday went to work yesterday morning, the trouble having been amicably adjusted. The trouble was about a misunderstanding as to the price agreed upon for break-throughs.

Old People Marry.

ST. JOSEPH, Mo., Nov. 20.—John J. Overton, aged 100 years and 1 month, was married to Mary Henderson, aged 77, in this city, yesterday. This is believed to be the record for marriage of old people. Bride and groom are in excellent health.

PERU, Ind., Nov. 20.—Mrs. Jerry Strigler of Jackson township was terribly burned yesterday while near a lighted lamp with a bottle of benzine in her hand. The bottle exploded and she was soon enveloped in flames.

TALES OF STARVATION

The Cubans Gather About the Homes of Americans.

BEGGING CRUMBS TO SUSTAIN LIFE

That Americans Have Anything Is Due to the Relief Fund of Fifty Thousand Dollars Voted Last Spring by Congress.

Several Skirmishes Reported—Weyler Denies His Havana Speech.

NEW YORK, Nov. 20.—A special to The World from Havana, Cuba, says: In every town in Cuba where there are American citizens groups of starving islanders gather every day in front of the houses of those Americans and beg for the crumbs that fall from the table. That Americans have anything on their tables from which crumbs could fall is due to the relief fund of \$50,000 voted last spring by congress. Consul General Lee has drawn so far about \$35,000 of the total amount and has distributed the money to the consuls in Matanzas, Cienfuegos, Sagua, Santiago and elsewhere.

These consuls buy provisions and distribute weekly rations to distressed Americans.

There are 1,400 Americans on the consular relief fund list. Of these about 250 are American born. The others are naturalized citizens and their families, who, having had their citizenship papers properly registered at the different United States consulates, are entitled, if in distress, to the same relief as American born citizens. This course of action General Lee has followed in all cases and the state department has approved it.

According to a statement made by Consul Barker, who is stationed at Sagua, about 10,000 people are being kept alive in Cuba by these rations, distributed for the support of 1,400. Neighbors gather around the front door of the houses of American citizens and beg a share of the food that comes from the consulates.

Where suffering is so general, these appeals are not in vain and the scant supply of rice, jerked beef and bread is made to do service for five instead of one.

In the town of Sagua, a person walking through the principal streets about 11 a. m. or 6 p. m., can tell the houses of American citizens by the crowds of starving creatures patiently waiting at the door and hoping to get even a mouthful of rice or the crust of a piece of bread.

The most pitiable sight is to see the babes in arms, hardly alive, and the small children, with their thin little legs and arms and distended bodies, all indicating lack of nourishment and death by starvation.

There are no markets in any but the bigger cities, because nothing is produced to supply them and no one has money to buy with. Misery is universal, suffering is everywhere and the death rate goes up higher and higher each day.

In the town of Sagua where there is a population of about 20,000, the death list for five years before the war was 500 a year. In the month of August of this year 648 persons died of starvation alone.

Consul Brice, stationed at Matanzas, reports that since July 1, 27,000 persons have died in his district.

As he was crossing the public square one evening lately, he saw a man fall to the ground within a few feet of him, and hastening to his side, found he was dead. His body was nothing more than a skeleton. Such scenes occur every hour of the day all over the island, where people are herded together.

General Blanco's orders to allow the pacifics to cultivate land outside the military lines would diminish suffering if the people had the strength and the implements with which to work, but they have neither, and Weyler's scheme to exterminate the Cuban population is rapidly proving successful.

It is generally believed here in Havana that Blanco has received orders from Madrid to do everything possible to prevent starvation reports from going to the United States and that Minister Dupuy de Lome has urged him to issue proclamations and orders that will convey the idea that the new regime will take care of the noncombatants and will stop the present appalling death rate.

STILL THE WAR GOES ON.

Ogo Battle and Several Skirmishes Are Reported.

NEW YORK, Nov. 20.—A dispatch to The Herald from Havana says: Several skirmishes are reported from various provinces. Colonel Payaso, with 200 men, attacked a Spanish column near La Coloma, killing several and capturing 25. A small fight took place in the Calabrote hills, where the rebels used dynamite with great effect.

A battle of considerable importance has taken place near Guanajay. The Cubans were commanded by Rodriguez and Pedro Diaz in the fight. The Spaniards had 46 killed and 170 wounded. The rebel loss was also heavy. 22 account of the condition of the ground the Spaniards could make no use of their artillery and were obliged to retreat to the forts of the town. The rebels set fire to the brushwood surrounding the town and tried to burn the town, but rain spoiled the scheme. This is the district toward which General Parrado is proceeding, and as there are strong forces of Cubans near there a pitched battle is not improbable.

Weyler Denies It.

MADRID, Nov. 20.—The captain gen-

eral of Galicia has telegraphed to the government here saying that in the interview which he had with General Weyler, the former captain general of Cuba, the latter completely exculpated himself of the statements attributed to him upon the occasion of his leaving Havana and affirmed his devotion and adhesion to the government.

YELLOW FEVER GERM DEAD.

Cold Weather Has Almost Wiped Out the Plague in New Orleans.

NEW ORLEANS, Nov. 20.—There were six new cases of yellow fever yesterday and no deaths. There was another cold morning and a trace of frost and the germ is considered dead, the new cases having been contracted during the recent warm spell and only developing now.

Lake Charles, one of the most stubborn adherents of complete quarantine, raised her embargo yesterday, the Florida board of health made sweeping concessions and all the barriers to business are falling fast.

One Death at Mobile.

MOBILE, Nov. 20.—There were two new cases of fever yesterday, George Weinard and Eugene Hays. One death—F. H. Hooge. A new case not yet officially reported is that of Raphael Semmes, son of the late Admiral Semmes, and manager of the Mobile Street Railway company. He is said to be quite sick.

Broke Out Again at McHenry.

MCHEERY, Miss., Nov. 20.—McHenry reports six well-marked, although mild cases of yellow fever. The last old patient was discharged Nov. 2, 17 days ago, and the people felt confident that the fever had run its course. These cases will probably be the last, as Jack Frost is now taking a hand in the fight.

Alabama Quarantines Raised.

MONTGOMERY, Ala., Nov. 20.—The board of health gave the town another clean bill of health yesterday. Governor Johnston issued a proclamation yesterday raising the state quarantine absolutely. This removes all restrictions to freight and travel in the state.

ENGLISHMEN MURDERED.

Prompt and Bloody Reprisal Taken by the Resident Minister at Tulagi.

SAN FRANCISCO, Nov. 20.—The Solomon islanders on the island of Guadalcanal, emboldened by their success in overcoming the Austrian expedition under Baron Von Norbeck, have boldly raided the English settlements and robbed and pillaged the inhabitants thereof. Three murders were perpetrated, the victims being Jean Porritt, a trader, and his two assistants.

When the news of the murders reached Tulagi the resident minister, Mr. Woodford, organized an armed force of settlers and added to it six native police. He proceeded at once to Aola, and there called upon all European inhabitants, who responded with a will. About 35 well equipped volunteers were signed. The trading schooner Sarah Beattie was pressed into service and the expedition embarked for Kow Kow, the native village near the scene of the murders. On arriving there the whites and police landed secretly below the village and formed for an assault. The village was stormed and the head hunters were taken by surprise. The natives fought well, but finally broke for the jungle, leaving several dead and wounded and four prisoners. Kow Kow and a village called Bonbasi were fired and completely destroyed.

DEATH ON THE GALLOWS.

First Legal Hanging in the History of Paducah, Kentucky.

PADUCAH, Ky., Nov. 20.—The first legal hanging in the history of Paducah occurred here yesterday morning at 7:30, when "Bud" Winston, better known among the negroes as the "Black Devil," was jerked into eternity.

Winston was convicted of the murder of Nancy Lacey, a negro who had been a friend to the fellow, giving him food and clothing when he was hunted by officers who wanted him on three or four criminal charges.

Winston abused the woman, and she resented this by ordering him to leave her home. This angered him, and he struck her with a fire shovel, killing her instantly.

Since the trial, in which he was proved guilty, negroes who were acquainted with Winston have told of other murders he has been guilty of.

If the stories told by them are true the "Black Devil" was a fiend and deserved his fate.

There is every reason for believing that Winston killed six persons.

TERRIBLE SUFFERING AT SEA.

Twenty-Four Shipwrecked Samoans Drift For Sixty Days.

SAN FRANCISCO, Nov. 20.—From Auckland comes a story of the terrible experiences of 24 shipwrecked Samoans. The party left the island of Tutuila in a large boat for two islands some 60 miles to the eastward. They were blown out of their course, and drifted before the wind for 60 days, until they made the island of Namunui, which is about 900 miles in a direct line from their starting point.

Nearly half the party died in the boat, one was killed in landing and some died on shore, leaving only eight survivors. They spread sails to catch rain, which fell heavily and which they stored in boxes. The island they reached is inhabited and the people took all possible care of them, but they were in a very low condition

NEW OHIO INDUSTRY.

Experiments Will Be Made With Strontia.

MANUFACTURE OF FIREWORKS.

Put-in-Bay and Green Island Are Rich in the Mineral—White Caps in Van Wert County—An Outrage and Murder in Cleveland—Attempt to Wreck a Train. Other Ohio State News.

SANDUSKY, O., Nov. 20.—Seventy-five tons of strontia, mined 17 years ago, at Put-in-Bay, were shipped to Sandusky yesterday and forwarded to Syracuse, N. Y., where experiments will be made with it, in the manufacture of fireworks.

If the material proves to be of as good quality as expected, a new and important industry will be developed at Put-in-Bay and Green island, where it is said the mineral may be found in large quantities. The shipment is being made under the direction of William M. Courtes, a mining engineer of Detroit, representing capitalists of that city.

It has been known for many years that strontian might be found on Put-in-Bay and Green island; in fact the name of the latter was formerly Strontian island, and navigators say that old charts, giving it as such, are still in existence.

Awaiting White Caps With a Gun.

LIMA, O., Nov. 20.—Venedocia, a small town southwest of this city, in Van Wert county, is excited over the reappearance of White Caps in that vicinity. Lee Wagner recently opened a barber shop there and his shop was broken open and a notice ordering him to leave town or the White Caps would take care of him left. Wagner removed to the town from St. Mary's a few months ago and has purchased firearms and will protect himself.

Attempt to Wreck a Train.

GREENSFIELD, O., Nov. 20.—A dastardly attempt was made last night to wreck the fast New York and Chicago express on the Erie railroad at this place. The wreckers had piled iron plates upon the track, but in such a way that the entire train miraculously passed over them without being derailed. This is the second attempt to wreck a train here in the last few days and detectives are trying to locate the fiends.

Outrage and Murder.

CLEVELAND, Nov. 20.—Mrs. Nettie Winkler, wife of Jacob Winkler was murdered in her home at 1531 St. Clair street yesterday afternoon. She was found on the floor of her home with her skull crushed in from a blow with a hammer. She was removed to a hospital and died at 3 o'clock. The evidences show that a desperate struggle had taken place and that she had been outraged. There is no clew to the perpetrator.

Must Pay His Own Assistant.

COLUMBUS, O., Nov. 20.—The supreme court has held that a sheriff is not entitled to mileage for an assistant in removing an insane patient to a hospital, even when the probate judge orders him to procure assistance. The decision was given in the Lawrence county case of Wood, sheriff, vs. Russell, probate judge.

Great Scarcity of Coal.

YOUNGSTOWN, O., Nov. 20.—The scarcity of coal in the Mahoning valley has been growing more serious the past week until it has begun to affect industries. The Finished Steel company was the first to yield to the pressure and was compelled to close down its plant yesterday.

Miners on Another Strike.

COSHOCOTON, O., Nov. 20.—All the miners in Coshocton county are out on a strike, the result of a disagreement on the wages to be paid to the day men and on the price of yardage. It is expected their differences will be settled and work resumed soon.

Ninety Employees Thrown Out of Work.

URBANA, O., Nov. 20.—Fire at Marvin & Company's fruit cleaning establishment last night caused damage to the extent of \$12,000; fully insured. Ninety employees are thrown out of work.

Death of an Editor.

BATAVIA, O., Nov. 20.—Colonel William E. Nichols, for many years editor and proprietor of the New Richmond Independent News, is dead at his home in this city.

Butterworth Out of Danger.

CLEVELAND, Nov. 20.—Hon. Benjamin Butterworth, commissioner of patents, is rapidly improving and is now out of danger.

AN OLD TIME CLOWN DEAD.

Thomas Edwin Cook, Who Came to This Country in 1836.

NEW YORK, Nov. 20.—Thomas Edwin Cook, who, when in his prime was a leading circus clown, is dead at his home in Paterson, N. J. He was 96 years old. Cook was born in England, and in 1836 came to this country with his father's circus, said to have been the first to exhibit in America. Young Cook was attached to the circus as a tumbler, but later became a clown, which line he followed until 1870.

Cook has nearly 100 descendants, the majority of whom have taken either to the circus or the stage. Pneumonia is given as the cause of death.

INDICATIONS.—Probably rain during the day, preceded by cloudy weather near the lakes; fresh southerly winds; slightly warmer.

THE Fall City Republican Club of Louisville denounces Mark Hanna as the "High Priest of the Blood Craft," and asks Ohio Republicans to defeat him in his race for U. S. Senator.

THE daily Treasury statement continues to show a deficit, despite the promises made in connection with the Dingley bill. The receipts Thursday were \$1,019,719 and the expenditures \$1,305,000. Deficit for the day \$285,281, for the month \$7,099,975, and for the fiscal year to date \$45,108,985.

HON. G. R. KELLER, of the Carlisle Mercury, will likely have a walkover for the position of Assistant Clerk of the House of the next Legislature. There is not a stauncher Democrat in the State, nor a cleverer and more courteous gentleman. Here's looking at you, Br'er Keller, and may you get there.

GOV. BRADLEY Thursday afternoon remitted the fine assessed against Capt. J. C. Bryant, of Lexington, for carrying deadly weapons. Bryant drew a pistol at the late Fayette fusion convention to quell a riot, but did not shoot any one. The Governor's indorsement on the petition says: "The intrusion of outsiders was unauthorized and Bryant as a member of the convention had a right to attempt to stop the intruders."

Now will the Governor please tell what right Bryant had to carry a pistol? The law was clearly violated, and the Governor by granting the pardon does all he could do to encourage this practice of carrying concealed weapons.

RAILROAD companies will be a little more careful hereafter about blacklisting any one. At Chicago Thursday Fred H. Ketcham was awarded a verdict of \$21,666.33 by a jury in his suit against the Chicago and Northwestern railroad for \$25,000 damages. The case had been on trial for nearly three weeks and had been of great interest to men employed in the railroad business. During the great strike of the American Railway Union, Ketcham was employed as a conductor for the Northwestern Railroad. He joined the strikers, and the evidence showed he attended some of the meetings in the interest of the A. R. U. Since the strike, Ketcham claims he has been unable to secure steady employment, owing to the fact that he was blacklisted. He obtained several positions with other roads, but after working a short time was discharged, he alleged, without cause. Not long ago Ketcham secured employment with the Michigan Central Elevator Company at Kissington and moved his family to that suburb. He worked a short time there and was discharged. He then concluded to fight it out with the Northwestern and brought suit, with the result as above.

River News.

Rising here with ten feet on marks.

The Queen City will pass up at 11 o'clock to-night.

The advance of the coal fleet ought to pass here to-day.

The Keystone State passed up at 4 o'clock Friday afternoon.

All efforts to raise the sunken Sherley have been abandoned until the coming rise has passed.

It is said Captain Edgington's new boat, William Duffey, will be able to show her heels to the fastest on the upper Ohio.

The fine steamer Queen City, the pride of Cincinnati, will pass up to-night for Wheeling and Pittsburg on her first trip of the season. She will be in command of Captain Robert Agnew.

The coal shipments from Pittsburg now on the way amount to over 8,000,000 bushels. Here is the list of boats: Josh Cook, H. D. Wood, Little Fred, Fred Wilson, Dick Fulton, Enterprise, Belle McGowan, Tom Dodsworth, Smoky City, Hawk, Fallie, Defender, Horner, George Shiras, Dave Wood, Pacific No. 2, James Moren, John Moren, Stella Moren, Relief, Tornado, R. M. Blackburn, Hornet, Samuel Clark, Joseph Walton, Valiant and Coal City. W. H. Brown Sons sent out eight boats.

Persons having repair work will please call and settle for same within thirty days, or same will be sold for charges.

HENRY ORT.

Rev. W. S. SMITH will preach at the Christian Church to-morrow morning at 10:30. At 7 p. m. Dr. J. A. Stucky, of Lexington, will deliver an address. The public cordially invited.

FOOT BALL.

Intemperate Criticism of the Sport by People Who Know Little of the Game.

Here is an editorial which appeared in this week's edition of Harper's Weekly. Let the good brethren smoke this in their pipes awhile:

"A good deal of intemperate criticism of foot ball is indulged in by people who know little of the game. The Georgia Legislature is passing a bill prohibiting it and hasty persons elsewhere are urging its general suppression.

"Now foot ball is by far the best of athletic games, and while there are many deplorable evils in its present practice, and while too many casualties occur by reason of these evils, it ought not to be suppressed, although there is no doubt that it ought to be reformed. If, however, some of the critics of the game had acquired the power to restrain their tempers and to keep their heads, which is gained on the foot ball field, they would not now be indulging in intemperate intellectual slugging on a subject they little understand."

The recent defeat has shown the boys that they must practice and work hard if they expect to play winning ball, and the boys have promised to do this from now on, so that those who will witness the team play after this will see something worth witnessing.

This afternoon at 3 o'clock the full first eleven will be at the ball park for practice and with two or three other good practices they will be in great shape to play. Unless the boys do come out for practice and work hard, several of the leading players will quit the team. Now then, say an encouraging word to the boys, and instead of pulling the team to pieces, do something towards getting it together. The material is all right, but practice is needed before the team develops any good work. A long pull, a strong pull, and a pull all together and Maysville will not be ashamed of her football team.

DR. J. A. STUCKY,

A Prominent Physician and Y. M. C. A. Worker, Will Speak at the Men's Rally Sunday Afternoon.

Mr. H. E. Rosevear, of Louisville, made a very fitting closing address at the Y. M. C. A. at the last of the series of special meetings for men last evening. The theme: "The True Life" was ably presented by this earnest, consecrated man and everyone who attended left with the feeling that it had been good to be there. Mrs. E. B. Daulton and Mr. Lee B. Gray contributed much toward the success of the meeting by rendering delightful music. The meetings have all been deeply spiritual in tone and the addresses exceptionally fine so that great good will surely result from them.

A grand good service has been planned for to-morrow's rally and one which will undoubtedly attract a large and appreciative audience. J. A. Stucky, M. D., of Lexington, will be present and deliver a social purity address on the subject "Loyalty to Manhood."

Dr. Stucky is a very able and forcible speaker and to hear him present this all important theme from the standpoint of a Christian physician will surely be worth any man's attention. To accommodate all who wish to hear Dr. Stucky and enjoy this service, the meeting will be held in the gymnasium hall. Boys under fourteen will not be admitted without parental escort, but all young men, and old men too, are very earnestly requested to attend the rally Sunday afternoon at 3 o'clock. Rev. B. K. Muse will sing a solo which will prove both pleasing and helpful, and Mr. Lee B. Gray will help with the clarinet. Come.

The Thanksgiving Service.

A union Thanksgiving service has been arranged to be held in the First Baptist Church next Thursday morning, commencing at 10:30 o'clock. Rev. S. D. Dutcher was appointed to preach the sermon, but declining, Rev. F. W. Harrop was appointed to take his place. Will all the pastors kindly announce the service from their pulpits Sunday morning and urge the people to attend?

AUGUSTA Chronicle: "The musicale given by Miss Anna Martin and assistants was attended by an appreciative audience and every one of the participants were heartily applauded. Edith Means, the child dancer, carried off the honors of the evening, being called before the curtain several times. It was a pleasant event."

A REVISION of the totals of the railroad assessment in Kentucky for this year shows a decrease. Last year's assessment, embracing \$5,326,059 worth of bridge property, otherwise assessed this year, amounted to \$48,429,876. This year's total assessment, with the bridge property off, is \$42,864,554, which shows \$240,000 decreased valuation of the property that was actually assessed.

MR. T. BUCKLEY, of Murphysville, sold ten hogsheads of tobacco at the Farmers' and Shippers' Warehouse, Cincinnati, this week at an average of \$15.10 per hundred.

FIRST BAPTIST CHURCH—The usual services for the day, to which all are most cordially invited. The pastor will preach in the morning on "The Duties of Husbands and Wives."

DR. J. H. Love's mammoth barn, near Higginsport, which contained 7,000 pounds of new tobacco and a large quantity of farm implements, was totally destroyed, with all contents, by fire. The loss will reach \$2,500.

MR. S. P. CARR, of the firm of Carr & Dickerson, Richmond, Va., a prominent tobacco merchant, accidentally shot and killed himself Wednesday. He was well known in Maysville, having visited Dr. Frazee on several occasions.

J. H. ROGERS & Co. are now bottling the Limestone whisky under Government supervision. Each bottle is sealed with Government stamp, guaranteeing age and purity. Those wishing a pure article for medicinal or other purposes should call for it.

THE two stores of H. R. Bradford, at Manchester, one dry goods, the other groceries and hardware, were closed Thursday afternoon by the Sheriff. The liabilities are \$7,000; assets, \$2,000. Several Cincinnati firms are losers, and it was by a representative of one of them that the stores were closed.

How long have you been coughing—a day, a week, a month, a year? Dr. Bell's Pine Tar Honey will cure that cough. There can be no doubt of it, because it has cured many others equally severe. Every one should investigate the merits of this great remedy. For sale at Chenoweth's drug store.

MR. JAMES R. ROGERS, Cane Ridge, Bourbon County, had the misfortune to lose by death his fast four year old trotting colt Henry Barrett 2:10½, from injuries received at Terra Haute in the race in which he made his record. In this race the horse wrenched his back, sprained his right fore-leg and suffered internal injuries.

HERMAN LANGE's jewelry establishment at the northwest corner of the Arcade and Vine street, Cincinnati, is resplendent with one of the finest displays of diamonds and other precious gems, watches, clocks, silverware and jewelry, the most elegant to be had anywhere. He has made special preparations to supply the holiday trade, and cordially invites all his former patrons in Maysville and surrounding country and the public generally to call and see him when in Cincinnati. Remember the place, 425 Vine street, and No. 2 Arcade, N. W. corner.

THE BULLETIN had an item this week telling of "Francis Franklin" being fined \$50 at Covington for threatening to shoot a young lady. Francis gave Maysville as his home. No such person lives here, and it now develops that he gave a fictitious name. The Enquirer says: "He is evidently of unsound mind, and efforts will be made by Chief Pugh to ascertain who he is. Franklin positively refuses to disclose his identity, but now claims that his home is in Central Kentucky, and that he has wealthy relatives in this State. He claims to have several hogsheads of tobacco at the Bodmann Warehouse. His actions in the jail show that his mind has become almost a blank."

Shrewd Women.

Women with an eye to the main chance—sharp, keen, acute, sagacious women—will be interested in some Muslins and Cambrics. We've crowded out every farthing of cost that didn't take quality with it, and here's the result: Cambric at 5c. yard, high bleach, 36 inches wide. Big contracts made when mills were doing little keeps-to-day's 7½ value at 5c. in this store. Unbleached muslin at 5c. a yard, fine, smoothly twisted yarns in a generous weight, 36 inches wide, a quality that big contracts made possible at the price.

Pillow Shams.

It was just because a machine was taught to hand work that we can sell these Cambric Pillow Shams, elaborately embroidered, for \$1.00 a pair. It isn't embroidery at all, but a machine trick that looks like it. Other Pillow Shams up to \$2.50 a pair, and any of them marvels of good value.

Saturday Night.

Aprons are tedious to make and require an amount of material that surprises a novice. We will give you a chance Saturday night to get Aprons ready-made cheaper than you could buy the material. India Linen and Gingham, a half dozen different kinds. Large Gingham Aprons, 40 inches long, 12½c. White India Linen Aprons 15c., others equally pretty, useful and cheap.

JUDGE HAZELRIGG

Touted as a Probable Candidate to Succeed Governor Bradley.

LOUISVILLE, Ky., Nov. 17.—A straight tip from Frankfort is that Judge James H. Hazelrigg, of the Court of Appeals, will announce his candidacy for Governor after the adjournment of the next session of the Legislature.

In the event that the Judge makes the race to succeed Governor Bradley he would only have to give up one year as Judge. However, should he remain on the bench he would be the next Chief Justice, inasmuch as he is the next oldest man in point of service on the bench of Kentucky's highest tribunal.

Bucklen's Arnica Salve.

REMARKABLE TRIP

Made By a Horse if this Negro's Story is True—That Runaway.

A negro named Charles Brown and hailing from the Mayslick vicinity, yesterday claimed the runaway horse and buggy caught by Mr. Robinson Bradford last Sunday night three miles and a half out on the Mt. Carmel pike.

This horse made one of the most remarkable trips on record, if the negro's story is true.

Brown says the horse got away from him Sunday night at or near Mayslick by upsetting the buggy and dumping him and two girls who were with him out on the road.

Then starting from the scene of the accident, after dark, and dragging an overturned buggy, the horse made the trip in some remarkable way over to the Mt. Carmel pike and is caught between 9 and 10 o'clock near Mr. Bradford's home, coming towards Maysville at a rapid gate, and with the vehicle upright, and only its top damaged.

The horse must have traveled at a 2:40 clip to cover the distance, and it is remarkable that it was not captured sooner, and that the buggy was not smashed into kindling wood.

NEW QUESTION.

Can a Voter Be Made to Tell For Whom He Voted?—Hardly.

CARLEISLE, Ky., Nov. 18.—At the late election Judge Winfield Buckler was defeated for Police Judge of this city by S. McMahon by two votes and yesterday Judge Buckler filed notice of contest on the grounds that eight or ten non-residents voted at said election, and he charges that said illegal votes were cast for McMahon.

This contest will bring up the interesting question as to whether a voter can be made to tell for whom he voted. No disputed ballots were returned.

At the Church of the Nativity to-morrow services will be: Sunday school at 9:30, litany, sermon and holy communion at 10:30, evening prayer at 7.

We Knew We Had a Good Thing

In the stock of fine Clothing we recently bought by electric light. There is so much clap-trap Clothing advertising in vogue at present that we refrained from saying too much about this purchase. We simply called your attention to it and said look in our window display, see the goods and note the CASH price on them. We knew we would sell some of them; the continued warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and made our window display our store has been crowded with customers anxious to secure these unheard-of bargains.

We advise our friends who contemplate buying a Fall or Winter Suit and Overcoat not to let this opportunity slip. It is only one in a long time where circumstances arise that enable merchants to secure

that can be sold for less money than the cheaply gotten up stuff the market at present is flooded with.

THE CITY LOSES.

The Court of Appeals Affirms the Decision in the Suit Over Certain Fifth Ward Lots.

The Court of Appeals yesterday affirmed the decision of Judge Harbeson in the suit of the City of Maysville against George T. Wood and others, trustees of the Christian Church.

This is the suit involving the ownership of certain lots on the southeast corner of Third and Poplar streets, Fifth ward. When the trustees sold the lots some years ago, under an order of the court in another suit brought for that purpose, the city set up a claim to the lots on the ground that they were set apart originally for "meeting house" purposes.

The trustees had held the lots for over forty years under a deed from the trustees of East Maysville or Newtown and denied that the city of Maysville had any claim whatever to the property.

Judge Harbeson's decision was in favor of the church, and the Court of Appeals affirmed that decision yesterday.

CIRCUIT COURT.

Grand Jury Completes Its Work—List of Indictments Reported—Ed. Robinson Dismissed.

The grand jury made its final report Friday and was discharged. Following are the indictments returned:

James Hasson, Jr.; maliciously cutting another. Ed. Owens; maliciously shooting another. Ephram Watters; breaking into a shop and stealing.

John W. Crawford and John Morgan; false swearing.

James Bell; forgery.

Wm. Sons; breaking into a warehouse.

B. H. Moore; assault and battery.

Peter Whaley; petit larceny.

R. W. Stockdale; malicious destruction of property.

Joe McKibben; knowingly renting a house to be used as a disorderly house.

Elisha Green; wilful murder.

The charge against Ed. Robinson, who killed a man named Jones on Lawrence Creek last summer, was dismissed by the grand jury. The jury also dismissed the charges against William Tasse, Mary Alice Whaley and George Watters. About the usual report on public buildings was made.

Jessie Gibbs was granted a divorce from Andrew Gibbs.

A foul breath is one of the greatest afflictions that a man or woman can have. An affliction not only to themselves, but to those with whom they come in contact. A foul breath is a great discourager of affection. It would probably be more so if people only realized just what bad breath means. Bad breath is one of the symptoms of constipation. Some of the other symptoms are sour stomach, loss of appetite, sick and bilious headache, dizziness, heartburn and distress after eating. These things mean indigestion. They lead to dyspepsia and worse things. They all start with constipation, and constipation is inexcusable because it can be cured—easily, quickly and permanently, by the use of Dr. Pierce's Pleasant Pellets. They give to nature just the little help that she needs. There is no case of biliousness, constipation, indigestion, "heartburn," or any of the rest of the night mare breeding brood, that these little Pellets will not cure.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Adviser, illustrated.

Household Gods.

The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of to-day is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of throat, chest and lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for old and young. Free trial bottles at J. J. Wood's drug store. Regular size 50c. and \$1.00.

BOSTON'S GREAT PREACHER.

The Rev. J. B. Brady, D. D., Advises His Many Parishioners to Take Paine's Celery Compound.

The Rev. James Boyd Brady, pastor of the People's Temple, in Boston, presides over the destinies of the largest Methodist Church in the country.

Big, candid, Scotch-Irishman that he is, Dr. Brady has built up the Temple financially and numerically, and to-day he is pastor of a flock of 1700.

Dr. Brady devotes himself with unflinching courage to anything he undertakes. The chief characteristic of his ministry has been progress, in number, financial condition and moral and spiritual growth. He is a man of plain, but vigorous words. So much has been said and written about Dr. Brady—his work, his progressive methods, his eloquence and his power as a minister, that the following letter from him will be convincing and helpful to many persons besides the large number who are every Sunday influenced for good by his powerful preaching. He writes:

Boston, September 27, 1897.
Paine's Celery Compound, if widely and wisely used, would relieve nervousness, soothe restlessness, reduce sickness, strengthen the body, invigorate the mind and add years of happiness to life.

JAMES BOYD BRADY,
Pastor People's Temple.
The man or woman who does not take time to get well will sooner or later have to take time to be ill.

Many live under the needless infliction of indigestion, nervousness, constipation and general weakness, and endure the consequent loss of health without considering how easily the cause of all this illness might be remedied.

Needful nerve and tissue nourishment is at the bottom of all permanent building up of the health.

Paine's Celery Compound looks out for the insidious weakening of the nervous system through malnutrition. It gives a healthy tone to the stomach, increases the blood supply, quiets and equalizes the irritated nerve action and promptly feeds the tissues when the bodily vigor is at its lowest ebb, and should not be further taxed.

The only cure, therefore, for rheumatism, neuralgia or general debility that is lasting in its good effects must rest on a radical cleansing of the blood and a building up of the nervous tissues. All this is best done by Paine's Celery Compound, because this remarkable remedy begins at the beginning, wherever there is disease, and establishes the health firmly and without any fear of falling back.

The worn-out person who cannot sleep should take Paine's Celery Compound. It is folly to imagine that every hour taken from sleep is an hour gained. Nothing undermines health and energy like loss of sleep. The nervous system suffers as much from lack of sleep as

from lack of nourishment. Both may be supplied and a healthy condition insured by using Paine's Celery Compound.

The stay and staff of sound health is well nourished and well regulated nerves. Sufferers from sleeplessness, nervous dyspepsia or headache may be sure that every reservoir of nerve force has been tapped and exhausted by work, worry, too little sleep, or faulty nourishment, because of poor digestion and assimilation. As soon as such signs of nervous exhaustion are noticed, shaky hands, broken sleep, poor appetite, wasting diseases, neuralgia or dyspepsia, take advantage of the remarkable restorative and regulating action of Paine's Celery Compound.

Nervous disorders increase in a sort of compound ratio. It is a thousand times easier to put a stop to nervous debility in its earlier stages than later on to correct nerve and brain exhaustion, that may be complicated by heart, kidney or some other organic trouble.

Paine's Celery Compound must not be confounded with any of the plausible sounding, but really temporary make-shifts, whose cures are never permanent nor thorough-going, and only bring deferred hopes that make the heart sick. Paine's Celery Compound is the greatest nerve and brain invigorator and most reliable blood purifier the world has ever been blessed with.

GABLE BROS.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1.00 per bottle at J. J. Wood's drug store.

'PHONE 163.

The first week of the MAYSVILLE POWER LAUNDRY was a great success. You won't be in the swim unless you send us your Laundry. Give your bundle to E. H. RODEN and get the best wash to be had anywhere.
